

Amendments to the Specification

In the Written Description

Please replace the BRIEF DESCRIPTION OF THE DRAWINGS section, beginning on page 14, with the marked-up copy of the section enclosed herewith.

Please replace the paragraph beginning on page 22, line 22, with the following rewritten paragraph.

Antibodies: An anti-CD25 antibody was administered at a concentration of 0.25 mg after concentration and fractionation of the antibody with ammonium sulfate from culture supernatant of hybridoma PC61.
